

# OUTDOOR ASHTRAY FOR YOUR BUSINESS!

## 50/50 COST-SHARING PROGRAM

Smoking-related litter is the most prevalent form of litter in Thunder Bay. Cigarette butts are small, but they take years to break down and contain harmful chemicals which often end up in our waterways.

With support from the City of Thunder Bay Clean Green and Beautiful Committee, EcoSuperior is offering business owners a 50/50 cost sharing program for the purchase of an outdoor ashtray. Installation and maintenance is the responsibility of the business. Ashtrays must be ordered through EcoSuperior and installed in a publicly accessible location. **This offer is limited to one ashtray per business, on a first-come, first-served basis. Act fast, this offer will not last!**

For more information please contact Shannon at 624-2142 or shannon@ecosuperior.org
