

2019 Rain Barrel Art Project

Entry Application

EcoSuperior's 9th Annual Rain Barrel Art Project is held to help educate the community on the benefits of using rain barrels to conserve water, and as a unique fundraising effort. Local artists, schools, individuals, businesses and community organizations are invited to creatively paint a rain barrel. EcoSuperior will provide each selected participant with one primed rain barrel, painting tips and finishing guidelines. PLUS as an added bonus this year Michaels will be offering a 15% discount on supplies to participating artists. In exchange, the artist must be willing to donate their time, creativity, paint and protective coating along with a brief written biography and interpretation of the work.

The decorated barrels will be displayed at **The Home and Garden Show on April 5^h, 6th and 7th, 2019**. During this time, they will be offered for sale in a silent auction with all proceeds supporting environmental programs in the Thunder Bay region.

Only 30 primed rain barrels are available. To participate, please complete and submit this application by February 15, 2019. Successful applicants will be notified by February 20. Selection will be based on the creativity and public Appeal of the proposed design.

Name: _____ Telephone: _____

Address: _____ Postal Code: _____

Email: _____

Are you entering as an individual or leading a group entry? Individual _____ Group _____

School/Organization/Business (if applicable): _____

In a short paragraph, please describe your proposed rain barrel design.

In the space to the right, or on the back, please draw a rough sketch of your artistic rain barrel design.
