

## EcoSuperior Youth Action Team

### Meeting Minutes

Wednesday January 12, 2011

4:30 pm

Chapters Community Room

---

1. Review of last meeting
2. Updates
  - Big Boreal Adventure info – passport and map of natural spaces around town
  - Waste audit done at school! - lots of compostable materials, some full uneaten food, especially oranges, lots of plastic bottles, also foam plates from caf, coffee cups etc.
  - Schools for Energy Conservation program taking place on Earth Day
3. Family Feud
  - Finished creating the questions! (these are the questions for gathering initial data)
  - Will send out to everyone (see other document attached)
  - Are looking at putting questions into Google docs for online version – that will be done for the next meeting
4. Looking forward
  - A conversation about our direction and ideas for the future just naturally arose
  - Would like to go to the garden again next year – with perhaps an even more involved program, more regular visit
  - The garden usually does have an organized volunteer day that everyone would be welcome to attend. Just check the website in the summer to find out the days.
  - Would like to do some fun things too, in addition to the planning
5. Next meeting
  - Will take place after exams
  - February 2<sup>nd</sup> or 3<sup>rd</sup>, depending on meeting space availability
