

LAKE-TO-LAKE

GRADES 7-8 PROGRAM

This program is designed to aid student's understanding of the lake-to-lake water management paradigm and to encourage each student to recognize their personal responsibilities within the municipal water management system. Students will learn why Thunder Bay's drinking water is some of the cleanest, purest water in the world!

This program involves an interactive presentation with engaging activities, all included in the program fee!

CURRICULUM CONNECTIONS

Grade 7

Life Systems: Interactions in the Environment

Overall Expectation B1.

Grade 8

Earth and Space Systems: Water Systems

Overall Expectations E2.

LEARNING GOALS

We are learning about local water management systems.

We are learning about our personal responsibilities to the maintenance of our local water management systems.

Please contact us at education@ecosuperior.org if you have any questions regarding our programs.
