

Rein in your creative side by creating a holiday reindeer parcel!

1. Wrap your parcel in brown paper, used paper, or recyclable paper

2. Cut out antlers and ears from used cardboard

3. Draw and then cut out eyes, mouth, tongue, nose, and eyebrows on used white paper (use black and red markers/crayons to colour in)

4. Glue or tape items to the box to make your reindeer! (take tape off to recycle package after)
